

TITAN IMPACT 440S | 540S SANITISING SPRAYERS

HIGH PRODUCTION DISINFECTANT APPLICATION

Regular application of cleaning and disinfectant solutions is the key to infection control. Titan airless sprayers maximize application speed whether you are spraying out a small multi-room dwelling, police station or an entire office building.

- Airless sprayers provide high production rates to complete disinfectant jobs faster and with better coverage.
- HEA® (High Efficiency Airless®) spray technology delivers the industry best wetting with a large fan pattern with bigger droplets set anywhere from 500 - 1200 PSI.
- Titan has the right sprayer for the job with flow rates from 0.47 GPM to 1.25 GPM.
- Delivers maximum ROI with high production rates, inexpensive equipment and ease of maintenance.
- Proven to spray select EPA "List N" solutions for use against the novel coronavirus which causes COVID-19.
